

Tru Face™ Essence Ultra The Future of Anti-Aging

Every day you battle natural forces that cause sagging, loose skin including free radicals and their damaging, aging effects. You can fight the signs of aging with a complete anti-aging product, Tru Face Essence Ultra. Leave undefined skin in the past and enjoy firmer, more youthful looking skin today—and tomorrow.

Featuring 25 percent more product, combined for the first time with the coenzyme Q10, TeGreen 97®, and a protective antioxidants network, the powerful science of Tru Face Essence Ultra helps restore facial firmness, promotes cellular energy production, and helps prevent future signs of aging.

In clinical studies, this serum was proven to increase skin elastin content to youthful levels, enhancing skin firmness and elasticity. Tru Face Essence Ultra—leave sagging skin in the past and fight current signs of aging for firmer, younger looking skin now and in the future.

Benefits

- Promotes skin firmness and elasticity and fights current signs of aging with ethocyn®, an ingredient clinically proven to improve skin elastin.
- Helps prevent degradation of elastin with elastase inhibitors.
- Contains TeGreen 97®, CoQ10, and colorless carotenoids, a complete protective antioxidant network that helps prevent future signs of aging by protecting against skin-aging free radicals.
- Helps contour and firm the skin for a more youthful appearance.
- Defines skin around the eyes, neck, chin, jaw line, décolleté, and hands.

Key Ingredients

- Ethocyn®— anti-aging ingredient that has been clinically proven to improve the skin's elastin content, the key component to firm skin.
- Antioxidants—compounds that neutralize free radicals/prevent free radical-initiated chemical reactions.
- TeGreen 97®—a proprietary antioxidant that helps protect the skin from oxidizing free radical damage.
- Vitamin C—helps protect elastin and collagen from degradation enzymes that attack skin proteins.
- CoQ10—a powerful antioxidant, coenzyme Q10 promotes cellular energy production and function best within an antioxidant network.
- Colorless Carotenoids—unique antioxidants produced from algae that help protect the skin from environmental hazards.
